

AQUATECH INDIA CONFERENCE

FUTURE CHALLENGES IN INTEGRATED WATER & WASTE WATER MANAGEMENT

25 - 27 April 2012, New Delhi, India

CALL FOR ABSTRACTS - DEADLINE 31ST OCTOBER 2011

Go to www.india.aquatechtrade.com and submit your abstract online!

Aquatech India exhibition & conference

The 3rd edition of Aquatech India promises to be a one-of-its-kind, international, high quality water technology event serving the complete Indian water sector.

Aquatech India incorporates all sectors of process, drinking and waste water industries under one roof, making it the only complete platform for the exciting Indian water sector. Recognized for its excellence in providing unmatched marketing opportunities and exposure, the event is set to make an even more lasting impression on both the exhibitors as well as delegates.

To create an ideal business environment and to stimulate the exchange of best practices, a conference will run simultaneously with the trade fair. The Conference programme is supported by the International Water Association (IWA) & India Water Works Association (IWWA).

Sub Themes*

- Sustainable water resources management.
- Evolving service challenges...water loss management, new techniques/technologies.
- National water mission...water security.
- Water conservation.
- Recycle and reuse of water.
- Urban water supply...Challenges in meeting the growing demands.
- Water, climate and energy.
- Waste water treatments and reuse in power sectors.
- Capacity building for Integrated water and waste water management

For more sub themes, please visit www.india-aquatechtrade.com

* These are potential categories to be covered in the conference programme, but are not limited.

Abstract submittal procedure

ALL ABSTRACTS MUST BE SUBMITTED BY 31ST OCTOBER 2011

- All abstracts must be submitted in English, using the on-line form found on the Aquatech India website: www.india.aquatechtrade.com. The main body of your abstract should be between 200-300 words.
- Please submit your abstract only once and wait for the automatic e-mail that confirms your submittal.
- Overtly commercial abstracts will not be accepted for the conference.
- In submitting an abstract, you are indicating your availability and willingness

to attend and present a paper at Aquatech India 2012, if selected.

- Please ensure that the speaker and author details you are providing when submitting your abstract are correct, as these will be used for pre-event marketing purposes.
- If selected, you may participate in the conference at your own expense.

Step by step procedure

1. Go to www.india.aquatechtrade.com
2. Click on "Online abstract submittal form" in the left navigation bar
3. Complete the required fields
4. Press SUBMIT
5. Your abstract has been submitted

Should you need further assistance with submitting your abstract, please e-mail: ruchi@interadsindia.com

Utility Leaders Forum (ULF)

The IWA and the Indian Water Works Association (IWWA) will host the second ULF, attracting CEO's of Indian water utility boards to the event. The forum will provide

the opportunity to share the latest trends and emerging issues on current topics such as linkages between water, energy and climate and their impact on water service delivery in India and across the globe.

AquaStages

Located on the exhibition floor, Aquatech India will feature the renowned AquaStages for seminars, workshops and lectures. The 'stages' serve as interactive meeting points where exhibitors present new solutions, demonstrations and technical sessions on various topics.
