

11 December 2010

Dear Sir,

**Advanced Training Programme on Green Buildings**  
**16&17 December 2010; CII-Sohrabji Godrej Green Business Centre; Hyderabad**

The Green Building Concept is gaining major importance in India, considering the tremendous benefits that it offers. A Green Building is one that is environmentally responsible, profitable and a healthy place to live and work.

CII- Indian Green Building Council's (IGBC) LEED India Green Building rating system launched in January 2007 had made rapid strides. This Rating System has been successfully applied in India in as many as 720 buildings, till date with a footprint of 442 million sqft. Many corporate and developers in India have taken lead in constructing Green Buildings. With the growing demand for Green Buildings, there is a need to educate the building professionals on the Green Building rating System.

Against this backdrop, CII-Godrej GBC is organizing a two-day **Advanced Training Programme on Green Buildings for New Construction on 16&17 December 2010 at Hyderabad**

Till date, IGBC has conducted several Green Building Training programmes across India and trained nearly 6,500 professionals on green building concepts.
