

I would like to invite you to visit www.wesnetindia.org where we have provided the latest information about Water and Sanitation related Vacancies, Events, Training courses, Press Releases etc.

The Water and Environmental Sanitation Network of India or WES-Net India is a learning alliance of stakeholders in the Water and Environmental Sanitation sector in India, was set up in 2004 by a group of like-minded sector professionals and registered in 2009 as a society under the Indian Societies Act, with a Governing Body, a General Body and a National Coordinator.

Membership is open to all individuals and the organizations and there currently are over 1800 individual and institutional members across the country, including representatives from UNICEF, Water and Sanitation Program-South Asia, UNESCO, UNDP, WaterAid, Plan International, other NGOs, consulting firms and individuals.

WES-Net India currently operates at the national level, but plans to start at the regional and state-level shortly.

Our web site has services like login and option to update your profile, search other registered members with their contact details, List Serve, WES-Resource Center, uploading vacancies, events and training courses details, latest press releases related to water and sanitation sector etc.

The WES Resource Center provides opportunity to the members to create page on WES- Net India website with their organization logo. Subscribing for the list serve will give an option to the members to select or deselect the services according to their requirements, which that they want to avail through their emails. The members can also post details regarding vacancy, event, training details and press release.

Kindly visit the link www.wesnetindia.org and click on Join Us for subscribing to our website

If you have any queries then feel free to contact us on our email id desk@wesnetindia.org

Thanks & Regards
