9-12 December 2010

Hitex Exhibition Centre, Hyderabad, India

Co-organized by

Supported by

National Solid Waste
Association of India

The Chartered Institution of Water
and Environmental Management

Welcome to the world of **WASTE MANAGEMENT EXPO 2010 (WME'10)** and **WASTEWATER TREATMENT EXPO 2010 (WTE'10)** scheduled to be organized from the 9 - 12 December 2010 at the Hitex Exhibition Centre, Hyderabad (India).

The events will be held in conjunction with the 3rd Edition of **CONSTRUCTION MACHINERY & MATERIALS EXPO (COMMEX'10)**. The synergy emerging from the concurrent events will offer an unique advantage for visitors as well as exhibitors.

The primary objective of **WME'10 & WTE'10** is to encourage industry and businesses to adopt technologies and methodologies that minimize waste, conserve resource and save energy. The events will also play a leading role in promoting "green" lifestyles and achieving stewardship of resources for current and future generations.

Given their unique and focused profile, **WME'10 & WTE'10** will interest everyone associated with the Solid Waste and Wastewater Management Industry, especially senior personnel who are involved in strategic decision making.

WME Exhibit Profile

- Balers
- Carts
- Compactors
- Compost Technologies and Plants
- Computer Software
- Containers
- Conveyors
- Cranes
- Crushers
- Dozers
- Dumpers
- Fleet Maintenance Services
- Hoists / Lifts
- Incineration Plants for Solid & Hazardous Waste
- Landfilling Materials/ Equipment
- Medical Waste Sterilizers
- Methane Recovery Systems
- Odour Control
- Portable Toilets
- Recycling Equipment / Plants
- Safety Equipments
- Separation Equipment
- Shredding / Pressing Equipment
- Tipper
- Transfer Trailers
- Washing / Drying Equipment
- Waste Collection and Transportation Vehicles
- Waste Collection Units
- Weighting Equipment
- Wood Chippers

Visitor Profile

- Environment Monitoring Authorities
- Municipalities & Public Health Departments
- Equipment Manufacturers & Suppliers
- Venture Capitalists & Investors
- Hospitals & Hotels
- Consultants & Advisors
- Architects & Town Planners
- Research & Development Organisations
- Facility Management Companies
- Builders & Developers
- Planning Bureaus
- Sewage Treatment Professionals
- Irrigation Departments
- Waste collection, Service and Recycling Companies
- Transportation, Storage and Handling Experts
- Industrial users from segments like ferrous & non-ferrous metals, petroleum & chemicals, engineering, power, cement, pharmaceuticals, plastics, mines, paper, textiles, food & beverages, etc.

WTE Exhibit Profile

- Advanced Treatment of Waste Water
- Aeration Equipment, Dehydration Equipment, Filters
- Alarm Equipment
- Centrifuges
- Chemical Treatment of Water & Sewage
- Control Equipment / Systems
- Detection & Maintenance Equipment
- Dewatering Equipment / Systems
- Distillation Plants
- Drilling Equipment / Systems
- Industrial Water Treatment
- Ion Exchange Resins & Technologies
- Membranes & Membrane Technologies
- Nozzle & Diffuser Systems
- On-line Analyzers
- Ozone Systems
- Pipes & Fittings
- Pollution Control Equipment
- Pressure Indicators
- Process Water Recycling
- Pumping Equipment / Systems
- Rainwater Management
- Recovery Plants
- Reuse of Water
- Reverse Osmosis Equipment / Plants
- Sewage & Drainage Pumps
- Sludge Treatment Equipment
- UV Oxidation and Disinfection
- Water Quality Analyzers
- Water Treatment Equipment / Plants

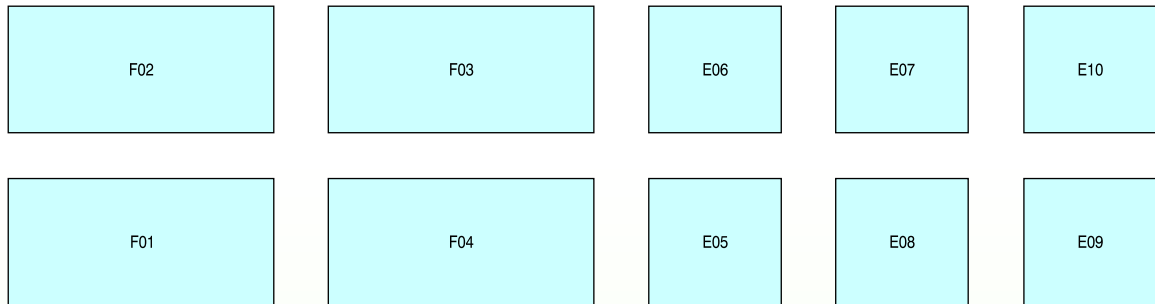

The above lists are indicative and not exhaustive

9-12 December 2010

Hitex Exhibition Centre, Hyderabad, India

Floor Plan

Outdoor Space
Indoor Space

Knowledge Forum

Conference Sessions on 10th & 11th December '10 will provide up-to-date industry information to keep your customers/prospects current with industry trends

Co-organizer

GTZ, founded in 1975, is one of the world's largest service organisations for development cooperation. GTZ works chiefly on behalf of the German Federal Ministry for Economic Cooperation and Development (BMZ) and, increasingly, for other German ministries as well.

GTZ supports a diversity of projects in 135 countries with technical and management expertise and currently maintains 60 offices in partner countries. GTZ services include:

- advisory services for planning, implementing and assessing partner country projects.
- recruitment, briefing and backstopping of experts
- training and upgrading of partner experts
- technical planning and procurement of materials and equipment
- awarding and handling of financial contributions

The HAWA project is a GTZ supported project under the ASEM programme. It is implemented in close cooperation with Karnataka Government and relevant institutions. This project is executed under the consultancy of ERM GmbH, through which a complete system for collection, transport, treatment, storage and disposal of hazardous solid waste, including co- processing options and financial implications were planned and executed in Karnataka. The Treatment Storage and Disposal Facility (TSDF) has been commissioned at Dobbaspete in the Bangalore Rural District.

GTZ as ASEM programme is also active in hospital waste management, E- Waste Management, Environmental Management in Industry and providing technical solutions for contaminated sites rehabilitation. GTZ- HAWA with close cooperation with Free State of Bavaria, Germany and Karnataka State Pollution Control Board is working in the field of waste water management and water conservation and related issues.
