

THE TAMIL NADU DR. AMBEDKAR LAW UNIVERSITY

CHENNAI – 600 028

P.G. DEPARTMENT OF ENVIRONMENTAL LAW AND LEGAL ORDER

Organises

One Day State Level Workshop

On

Groundwater Laws in Tamil Nadu

On 24th October, 2013

Background

Water management in Tamil Nadu has undergone tremendous changes and challenges posed by various factors. The legal system relies on the scientifically and socially unsound common law principles relating to groundwater use and ownership. The repealed Tamil Nadu Groundwater Act, 2003 has adopted the model provided by the Union Government. These factors necessitated the Department of Environmental Law and Legal Order to organize a workshop on groundwater laws in Tamil Nadu.

Programme

The State level workshop would explore laws relating to groundwater resources. The workshop will create a platform for the participants to interact with lawyers, technocrats and bureaucrats to understand the working of groundwater laws in Tamil Nadu.

Participation

The workshop requires full day attendance and participation. The last list of selected participants will be announced on 19th October 2013. However, participants are encouraged to apply early with their name, institution, mobile number and email address with a brief description about their interest in groundwater.

Venue

P.G. and R.D. Block, The Tamil Nadu Dr. Ambedkar Law University, Chennai - 600 028.
