Please attach:

1. Short CV (2 pages maximum). Documents exceeding 2 pages will not be processed.
2. A research abstract (800 words maximum – documents exceeding maximum word limit will not be processed). This abstract must focus on a specific country situation or country analysis AND/OR on one of the following topics:
 - Gender and Equity – how gender (in)equalities are embedded in and reinforced by water governance
 - Water conflicts – conflicts may derive from mis-allocation of water, scarcity, political reasons, vested interests, resource crunch, geo-political causes, compromised regulatory mechanism; etc.
 - WASH - How lack of integrity affects WASH progress
 - Technology - low cost technology that empowers citizens and give them direct control over the resource
 - Water allocation - Allocation of water is based on non-transparent and non-equal processes and priority needs. Focus on how water is allocated bypassing integrity issues
 - Accountability in the water sector – enabling environments for effective accountability in the water sector

The selection process will assign:
